

The WuduMate range is the world's leading single appliance for ablution in prayer and multi faith rooms.

Warner Bros. Movie World - Australia

Village Road Show is Australia's largest theme park operator with theme parks and attractions in Sydney, the Gold Coast and New Zealand.

Movie World on Australia's Gold Coast is the only movie related theme park in the Southern Hemisphere; the thrilling rides, roller coasters and colourful 'Kids' Fun Zone', draw visitors of all ages and ethnic groups from both inside and outside Australia.

Located on the famous Gold Coast, Warner Bros. Movie World has recently seen installation of two WuduMate Classic units; these were installed following suggestions from a number of muslim customers.

With two prayer rooms on site, one for men and the other for women, it was realised that an upgrade from a basin for ritual washing, to a specifically designed prayer seat with washing bowl, was appropriate. This was to ensure that dignified prayer and ablution facilities existed for customers, and also that Health & Safety requirements were met.

Research showed the WuduMate to be the world's leading single appliance for ablution in prayer and multi faith rooms. Being available throughout Australia and New Zealand, two commercial WuduMate Classic units were purchased in 2009 from WuduMate, a company which specialises in ablution appliances for both commercial buildings and homes.

Installation was both quick and inexpensive and since the WuduMates were installed, customer feedback has been extremely positive.

One of several written acknowledgements reads as follows:- *"We would like to thank you from the bottom of our hearts for the consideration that has gone into accommodating the muslim patrons that come to your theme park. We appreciate so much the prayer facilities you have provided, especially the 'WuduMates' which enable us to sit comfortably and perform our wudu (wash our hands, face and feet) in preparation for prayer. Thank you again so much!"*
