

BIOZONE

The BIOZONE AIRCARE System

Protect your colleagues and visitors 24 hours a day with BIOZONE

- **BIOZONE KILLS** bacteria which causes unpleasant odours in toilets and ablution areas so ideal for commercial premises and mosques
- **BIOZONE KILLS** viruses including flu and COVID 19
- **BIOZONE KILLS** fungal bacteria which cause foot borne infections such as athlete's foot in ablution areas and prayer halls
- **BIOZONE KILLS** fungal bacteria in prayer hall carpets which cause respiratory infections

The introduction of a BioZone Air Purifier creates a fresh-smelling washroom that is pleasant to use by continuously removing odour-causing airborne and surface bacteria

BIOZONE can destroy viruses in the air, in 0.44 seconds including Human Flu, H5N2 and hPIV-3 and evidence shows that 99% of Coronaviruses are killed within a minute on surfaces.

BIOZONE improves hygiene both in the air and on surfaces, works 24 hours a day and uses sterilising techniques to clean the environment.
