WuduMate Hybrid Toilet

Product Code WM-HYBRID-P

The new WuduMate Hybrid Toilet, featuring both a rim with two foot positions and a seat, can be used as an Eastern-style squat toilet as well as a seated Western-style toilet. It is now simple to replace a Western-style toilet with the Hybrid toilet, as the outlet pipe for the new model connects to a P trap fitting.

Suitable for a variety of settings, including commercial, residential, municipal, healthcare and mosques.

The WuduMate Hybrid Toilet comes complete with cistern, seat and dual flush mechanism, normally 3 litres for partial flush and 6 litres for full flush, but adjustable.
